**Now offering made to order
Special Carbide and PCD**

WETMORE TOOL AND ENGINEERING CO. HAS THREE BRANDS THAT SUPPLY UNIQUE TOOLING FOR THE AIRFRAME ASSEMBLY, FLUID POWER, AUTOMOTIVE PRODUCTION AND GENERAL MACHINING INDUSTRIES.

ISO Certification, impeccable service and made in the USA are the cornerstones of the company.

Our Manufacturing Capabilities continue to adapt to our customers ever changing needs. We are a company that listens to its customers and are willing to invest in our capabilities' by adding special machinery to meet the markets demand. When our customers think Wetmore Tool and Engineering they think flexibility and willingness to adapt. We want to become your partner, not just another supplier.

With the acquisitions of H.P. Manufacturing, Wetmore Cutting Tools and California Associated Products our portfolio supports most markets. Our manufacturing capabilities has increased with demand and we will continue to add capacity to support our partners needs.

Over the years our partners requested that we manufacture special carbide and PCD style tools. Our success in supplying these tools has increased our visibility across all manufacturing markets including automotive, medical and general engineering.

Manufacturing capabilities for your custom tools:

- Carbide Round Tool Specials from 1/8 to 1/2 diameters
- Coatings to maximize performance
- PCD

Wetmore Tool and Engineering - striving to be your cutting tool partner.
